## NOTE TO THE PARENTS

1. Your first concern as a parent should be to see that your ward attends the college regularly. Parents who permit their ward to be absent from college unnecessarily handicap their ward's opportunity to succeed in studies.
2. You can contribute a great deal to your ward's success in college by encouraging home study. See that your ward devotes at least four hours every day to his/her studies at home.
3. Parents are expected to co-operate in the work of the college by enforcing regularity and discipline by evincing interest in their ward's progress and extending the fullest encouragement to participate in co-curricular and extra-curricular activities.
4. You are requested to go through the Performance Report periodically to ensure your ward's progress in studies and attendance.
5. When you are requested to meet the Principal, Head of the Department or the Class Teacher, it should be done immediately because the feedback on the ward's drawbacks in the class can be directly communicated.
6. A wholesome attitude towards college and confidence in his/her teachers is essential for the ward's maximum success in college. Criticism of your ward's teachers in his/her presence should be avoided since it gives room for the ward to lose respect for teachers and consequently, he/she fails to learn from those teachers. Should you have a legitimate complaint, see the principal at the earliest.
7. Withdrawal of your ward from class for a mere social function is not recommended because it retards his/her progress in college and minimizes his/her respect for regular hard work and attendance.
8. Encourage your ward to cultivate the habits of neatness, self-help, and systematic work.
9. Ensure that your ward does not bring any costly gadgets to college. The college will not be held responsible for it in whatsoever manner.
10. Failure to pay the fees on time will be viewed seriously.
11. Parents are requested to notify them in writing in case of any change of address, E-mail IDs, or telephone numbers to the college office.
12. Parents will get an official letter, if the college takes the students out of town for projects and industrial visits.
13. As per the rule of the Government of India, students are allowed to travel on concession from college to home town only.

## **NOTE TO THE STUDENTS**

Record of attendance will be maintained. Attendance shall be taken at the beginning of each hour. It is compulsory for students to maintain a minimum of 75% attendance in all subjects. No student may be absent from class without permission. Leave letters must be addressed to the principal and countersigned by the Parent/ Guardian/Warden.
