

## Jan Ahar

Jan Ahar is a project taken up by the Rotaract Club of Kormangala to fight hunger during the Corona Pandemic. Food and essentials are provided to the weekly waged workers who are struggling during this Pandemic. Food kits are given to those people. Each food kit contains oil, sugar, rice, dal, atta and many more.

The Rotaract Club of JEC made a small contribution to this project. **Rtr. Sreenidhi** participated in this event and won it. The **winnings** from the Intra Zone Ludo Tournament were given away as **donations** to this project.

This is a wonderful initiative taken up by them and we would wholeheartedly like to thank them for what they are doing and also by giving us an opportunity to help. Thank you.

### Glimpse of the Event
