CHRISTMAS SPECIAL

Date : 25/12/2021

The actual event was to go to an orphanage, spend some time with them, play games and more where one would be dressed as Santa and gift them items like chocolates, biscuits, books etc. But we faced several problems to do this event. So, we came up with this idea of distributing blankets to the needy people who live in the road sides and cupcakes to the kids who could be found nearby the residences of each member of the club which would help us cover more area and bring a smile to a lot of kids and needy people. We have distributed 15 blankets and cupcakes to many kids. We conducted this event on Christmas that is 25 December,2021(Saturday). Most of our members, student volunteers and Board participated. This event took place at various places in Bangalore. This was a successful event as we could see those smiles on their faces who got something special on Christmas. Seeing those smiles, we got a bigger smile on our face.
